

## L-Series Landscape Touch Screen Kiosks

---

### Overview:

The L-Series of touch screen kiosks is an extremely versatile series of landscape kiosk solutions. Slimline and yet heavy duty, the L-Series is suited to interactive digital signage, shopping centre information points, corporate directories and other public access applications.

The look and feel of these kiosks is customisable and they are able to be branded up to fit in with any style decor.

Completely designed and manufactured in Australia, the L-Series can be supplied in landscape sizes from 22" to 42".

### Standard Features:

- Extra-heavy duty steel design.
- Colour choice (powder coat or car duco & polished)
- Stereo speakers
- Key lockable access door
- Plenty of room for advertising / branding (Wrapping/Decals available)
- Australian designed and manufactured
- Very small footprint
- Easy access to all components, most of which can be easily removed / replaced by an unskilled person
- 3 year warranty on kiosk and manufacturers warranty on touch screen and components (usually 3 years)

### Options:

- Holes in base for bolting down
