

SILHOUETTE KIOSK

OVERVIEW

The Silhouette kiosk is our most versatile touch screen kiosk solution. Stylish and functional, the Silhouette has been designed with pedestal, counter top and wall mount options making it a truly flexible solution.

AUSTRALIAN DESIGNED AND MANUFACTURED

Proudly designed and manufactured in Australia, TouchScreen Solutions have full control over the high-end quality workmanship, materials, finish and timing to ensure on-time delivery every time.

ROBUST HD MULTI-TOUCH DISPLAY

With a vibrant, high clarity touch screen, users can effortlessly interact with your content. The touch monitor is commercial quality which allows for extended 24/7 use and makes it extremely responsive and reliable. The display is protected with vandal resistant glass and supports Windows multi-touch gestures such as pinch and zoom.
